PLATFORM FOR FOOD DISPLAY

STYLISH PLUG IN HOT TOP TO
DISPLAY AND SERVE HOT FOOD.
ALSO, STYLISH PLUG IN HOT TOP
TO DISPLAY & SERVE FOOD.

The Hot Tiles are available in hard wearing
ceramic, slate and thermally toughened
glass. Food can be displayed in dishes which
are then placed directly on the Tile surface.

The Tiles are slim-line, backed with
18-gauge stainless steel with six rounded
feet on the base to keep them in position.

Ideal for hot, cold or ambient counters.
The Tiles just drop in the well and absorb
the ambient temperature.

The new wood Tile is also available as a tray
for a solid top counter and comes with a high
heat silicone mat to stop it moving around.

Primeware's dishes are designed to
complement the Hot Tiles and Electric Hot
Tops to achieve a unified stylish look.
